1. INTRODUCTION

Safeguarding is defined as protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes. (Working Together to Safeguard Children, DfE, 2018, pg.6)

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school.

In particular this policy should be read in conjunction with:

- the behaviour policy;
- the staff code of conduct policy;
- the safeguarding response to children who go missing from education; and
- the role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).

Copies of policies and a copy of Part one of this document should be provided to staff at induction.

Purpose of a Child Protection Policy	To inform staff, parents, volunteers and governors about the school's responsibilities for safeguarding children. To enable everyone to have a clear understanding of how these responsibilities should be carried out.
Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures	The school follows the procedures established by the Hertfordshire Safeguarding Children Board; a guide to procedure and practice for all agencies in Hertfordshire working with children and their families. **http://hertsscb.proceduresonline.com/index.htm**
School Staff & Volunteers	At Oak View we support the child's development in a way which will foster security, confidence and independence. The child's welfare is of paramount importance. Therefore, safety is seen as an intrinsic part of all aspects of the curriculum. We aim to foster an honest, open, caring and supportive climate. We ensure all staff are well informed about procedures at Oak View to do with Child Protection issues. Training is provided every year with separate training for all new staff on appointment. All school staff have a responsibility to provide a safe environment in which children can learn. School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All school staff will receive appropriate safeguarding children training (which is updated regularly – Hertfordshire Safeguarding Children Board advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Temporary staff and volunteers will be made aware of the safeguarding policies and procedures by the Designated Senior Person-including Child Protection Policy and staff behaviour policy (code of conduct)

Mission Statement

Establish and maintain an ethos and culture where children feel secure, are encouraged to talk, and are listened and responded to when they have a worry or concern.

Establish and maintain an ethos and culture where school staff and volunteers feel safe, are encouraged to talk and are listened and responded to when they have concerns about the safety and well-being of a child.

Ensure children know that there are adults in the school whom they can approach if they are worried.

Ensure that children, who have additional/unmet needs are supported appropriately. This could include referral to early help services or specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.

Staff members working with children are advised to maintain an attitude of 'it could happen here' and 'it could be happening to this child' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child.

Implementation, Monitoring and Review of the Child Protection Policy

The policy will be reviewed at least annually by the governing body. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Senior Person and through staff performance measures.

2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Children and Social Work Act 2017
- Education Act 2002 (Section 175/157)
  Outlines that Local Authorities and School Governing Bodies have a responsibility to "ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils".
- Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures (Electronic)
- Keeping Children Safe in Education (DfE, September 2018)
- Keeping Children Safe in Education: Part One- information for all school and college staff (DfE, September 2018) – APPENDIX 1
- Working Together to Safeguard Children (DfE 2018)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
- Female Genital Mutilation Act 2003 (Section 74 ,Serious Crime Act 2015)
- Anti-social Behaviour, Crime and Policing Act 2014 (makes it a criminal offence to force someone to **marry. Includes** taking someone overseas to force them to **marry** (whether or not the **forced marriage** takes place).

Keeping Children Safe in Education (DfE 2018) states that governing bodies and proprietors should ensure that the school contributes to multi-agency working in line with statutory guidance Working together to safeguard children.

Furthermore it also states that governing bodies and proprietors of all schools and colleges should ensure that their safeguarding arrangements take into account the procedures and practice of the local authority as part of inter-agency safeguarding procedures set up by the LSCB

3. THE DESIGNATED SENIOR PERSON
N.B. Keeping Children Safe in Education, DfE 2018 refers to this role as Designated Safeguarding Lead - DSL

Governing bodies and proprietors should ensure an appropriate **senior member** of staff, from the school **leadership team**, is appointed to the role of designated safeguarding lead.

During term time the designated safeguarding lead and or a deputy will always be available (during school hours) for staff in the school to discuss any safeguarding concerns and individual arrangement for out of hours/out of term activities will be through CPoms which raises an alert with the DSP and Deputy DSP.

The Designated Senior Person for Child Protection in this school is:

NAME: Mrs Yvonne Davis

There should be a Deputy Designated Senior Person (DDSP) in the absence of the lead DSP.

The Deputy Designated Senior Person for Child Protection in this school is:

NAME: Mrs Susan Wombwell

The broad areas of responsibility for the Designated Senior Person are:

- **Managing referrals and cases**

- Refer all cases of suspected abuse or neglect to the Local Authority Children's Services (Safeguarding and Specialist Services) , Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern

- If not the Head Teacher then to liaise with them to inform him/ her of issues - especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations

- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies

- Support staff who make referrals

- Share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.

- Ensure they have details of the CLA's social worker and the name of the virtual school Head Teacher in the authority that looks after the child.

- **Training**

The Designated Senior Person should undergo formal training every two years. The DSP should also undertake Prevent awareness training In addition to this training, their knowledge and skills should be refreshed(for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments) at least annually to:

1. Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments

2. Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so

3. Ensure each member of staff has access to and understands the school's safeguarding and child protection policy and procedures, especially new and part time staff

4. Be alert to the specific needs of children in need, those with special educational needs and young carers

5. Understand and support the school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation

6. Be able to keep detailed, accurate, secure written records of concerns and referrals

7. Obtain access to resources and attend any relevant or refresher training courses

8. Encourage a culture of listening and responding to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them

   - **Raising Awareness**

   - The designated safeguarding person should ensure the school's policies are known, understood and used appropriately.

   - Ensure the school's safeguarding and child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this.

   - Ensure the safeguarding and child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this.

   - Link with the Local Safeguarding Children's Board (LSCB) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.

   - Where children leave the school, ensure the file for safeguarding and any child protection information is sent to any new school as soon as possible but transferred separately from the main pupil file.

   - Schools should obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child in line with data protection guidelines (see Record keeping Guidance on Hertfordshire Grid for Learning for further information.)

4. THE GOVERNING BODY

Governing bodies and proprietors must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools are effective and comply with the law at all times.

Governing bodies and proprietors should have a senior board level (or equivalent) lead to take **leadership** responsibility for their schools safeguarding arrangements.

The nominated governor for child protection is:

NAME Mrs Sheila Jones

The responsibilities placed on governing bodies and proprietors include:

- their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified
- ensuring that an effective child protection policy is in place, together with a staff behaviour policy
- ensuring staff are provided with Part One of Keeping Children Safe in Education (DfE 2018) – Appendix 1 and are aware of specific safeguarding issues
- ensuring that staff induction is in place with regards to child protection and safeguarding
- appointing an appropriate senior member of staff to act as the Lead Designated Senior Person. It is a matter for individual schools as to whether they choose to have one or more Deputy Designated Senior Person.
- ensuring that all of the Designated Senior Persons (including deputies) should undergo formal child protection training every two years (in line with LCSB guidance) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments)
- prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- should ensure that children are taught about safeguarding, including online safety. Schools should consider this as part of providing a broad and balanced curriculum.
- ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support governing bodies and proprietors is provided in Annex C of **Keeping Children Safe in Education(DFE 2018**)
- Having a senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements

5. WHEN TO BE CONCERNED

If staff have any concerns about a child's welfare, they should act on them immediately. If staff have a concern, they should follow this policy and speak to the Designated Senior Person/DSL(or deputy). The designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

Any staff member should be able to make a safeguarding referral to Children's Services if necessary.

All staff should be aware of the process for making referrals to Children's Services and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm - from abuse or neglect) that may follow a referral, along with the role they might be expected to play in such assessments.

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision.

Options will then include:

- managing any support for the child internally via the school's own pastoral support processes;
- an early help assessment; or
- a referral for statutory services, for example as the child might be in need, is in need or suffering or likely to suffer significant harm from abuse or neglect.

Contextual Safeguarding

Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside the school. All staff, but especially the designated safeguarding lead (or deputy) should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

A child centred and coordinated approach to safeguarding:

Safeguarding and promoting the welfare of children is **everyone's responsibility.** In order to fulfil this responsibility effectively, each professional should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

Children who may require early help (known as Families First in Hertfordshire)

Families First is Hertfordshire's programme of early help services for families.
A directory of early help services is available at www.hertfordshire.gov.uk/familiesfirst and will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Senior Person any ongoing/escalating concerns so that consideration can be given to a referral to Children's Services (Safeguarding and Specialist Services) if the child's situation doesn't appear to be improving.

If early help is appropriate, the designated safeguarding lead (or deputy) will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate.

Any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.

School staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect**. They should also be aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

See Appendix 4 for information on indicators of abuse and Appendix 1 for specific safeguarding issues.

Children with special educational needs and disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of children.

This can include:

- ❖ Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration;
- ❖ Assumptions that children with SEN and disabilities can be disproportionally impacted by things like bullying- without outwardly showing any signs;
- ❖ Communication barriers and difficulties
- ❖ Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)
- ❖ Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased.
- ❖ A disabled child's understanding of abuse.
- ❖ Lack of choice/participation

- ❖ Isolation

Peer on peer abuse

Education settings are an important part of the inter-agency framework not only in terms of identifying, evaluating and referring concerns to Children's Services and the Police, but also in the assessment and management of risk that the child or young person may pose to themselves and others in the education setting.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

- Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- whether the perpetrator has repeatedly tried to harm one or more other children; or
- Whether there are concerns about the intention of the alleged perpetrator.

All staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to:

• bullying (including cyberbullying);

• physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;

• sexual violence and sexual harassment;

• sexting (also known as youth produced sexual imagery); and

• initiation/hazing type violence and rituals.

All staff should be aware that abuse is abuse and peer on peer abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up". Furthermore they should *recognise the gendered nature of peer on peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators), but that all peer on peer abuse is unacceptable and will be taken seriously.*

Hertfordshire County Council recommends that education settings use The Sexual Behaviours Traffic Light Tool by the Brook Advisory Service to help professionals; assess and respond appropriately to sexualised behaviour. The traffic light tool can be found at **www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool.**

Guidance on responding to and managing sexting incidents can be found at **http://www.thegrid.org.uk/info/welfare/child_protection/reference/index.shtml#sex**

Staff should recognise that children are capable of abusing their peers and should not be tolerated or passed off as "banter" or "part of growing up".

In order to minimise the risk of peer on peer abuse the school:

- Provides a developmentally appropriate PSHE curriculum which develops students understanding of acceptable behaviour and keeping themselves safe. Examples of this are: PSHE – Keeping safe/P4C/emotional Literacy/Spiritual Moral, Social and Cultural education,

- Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued. Examples of this are: Mentors identified by the child, pupil voice,P4C, 1-1 Draw and Talk
- Ensure victims, perpetrators and any other child affected by peer on peer abuse will be supported Examples of this are: 1-1, nurture group support, step 2, Lego Therapy and Draw and Talk.
- Develop robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).
- Have relevant policies in place (e.g. behaviour policy).

Where there is an allegation or concern that a child has abused others Section 4.4 of the Hertfordshire Safeguarding Children Board Inter Agency Child Protection Procedures manual, (Electronic) **'Children Who Abuse Others':**

http://hertsscb.proceduresonline.com/chapters/p_chil_abuse.html

Staff should also refer to Part 5 of Keeping Children Safe in Education (DfE 2018) – 'Child on child sexual violence and sexual harassment':

https://www.gov.uk/government/publications/keeping-children-safe-in-education--2

6. DEALING WITH A DISCLOSURE

If a child discloses that he or she has been abused in some way, the member of staff / volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the Designated Senior Person without delay

Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Senior Person.

If a school staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy– *Allegations involving school staff/volunteers.*

7. RECORD KEEPING

All practitioners should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal, and should be treated as 'special category personal data'.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Record as soon as possible after the conversation. Use the school record of concern sheet wherever possible. (pro-forma available on the Hertfordshire Grid for Learning)
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Draw a diagram to indicate the position of any injuries
- Record statements and observations rather than interpretations or assumptions
- Do not destroy the original notes in case they are needed by a court

All records need to be given to the Designated Senior Person promptly. No copies should be retained by the member of staff or volunteer.

The Designated Senior Person will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

Where children leave the school, the Designated Senior Person should ensure their child protection file is transferred to the new school as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained. For schools, this should be transferred separately from the main pupil file. Receiving schools should ensure key staff such as Designated Senior Persons and SENCOs or the named person with oversight for SEN are aware as required. If the child has an allocated social worker, they will also inform them of the change of school.

In addition to the child protection file, the Designated Senior Person should also consider if it would be appropriate to share any information with the new school in advance of a child leaving. For example, information that would allow the new school to continue supporting victims of abuse and have that support in place for when the child arrives.

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/ volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children's Services: Safeguarding and Specialist Services and the Police).

- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe. This will ultimately be in the best interests of the child.

- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3: What to do if you are worried a child is being abused : flowchart.

If any member of staff is concerned about a child he or she must inform the Designated Senior Person. The Designated Senior Person will decide whether the concerns should be referred to Children's Services: Safeguarding and Specialist Services. If it is decided to make a referral to Children's Services: Safeguarding and Specialist Services this will be discussed with the parents, unless to do so would place the child at further risk of harm.

While it is the DSPs role to make referrals, any staff member can make a referral to Children's Services. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM), a referral should be made to Children's Services and/or the Police immediately. Where referrals are not made by the DSP, the DSP should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police. **This is a mandatory reporting duty.** See Appendix 1- Keeping Children Safe in Education (DfE 2018): Annex A for further information.

If the allegations raised are against other children, the school should follow section 4.3 of the Hertfordshire Safeguarding Children Board Procedures Manual – Children Who Abuse Others. Please see the school's anti-bullying policy for more details on procedures to minimise the risk of peer on peer abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations. (record of concern pro-forma is available on the Hertfordshire Grid for Learning).

Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child's academic file.

The Designated Senior Person is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

10. COMMUNICATION WITH PARENTS

Oak View School will ensure the Child Protection Policy is available publicly either via the school website or by other means.

Parents should be informed prior to referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed;
- Leading to an unreasonable delay;
- Leading to the risk of loss of evidential material;

(The school may also consider not informing parent(s) where this would place a member of staff at risk).

Ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

Where reasonably possible schools should hold more than one emergency contact number for their pupils and students.

11. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children

This applies to any child the member of staff/volunteer has contact within their personal, professional or community life.

What school staff should do if they have concerns about safeguarding practices within the school.

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements. Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school's senior leadership team.

If staff members have concerns about another staff member then this should be referred to the Head Teacher. Where there are concerns about the Head Teacher, this should be referred to the Chair of Governors/ Chair of the Management Committee/Proprietor as appropriate.

The Chair of Governors in this school is:

NAME: CONTACT NUMBER: 01707 280590

Mrs Anne Clarke governor.anneclarke@oakview.herts.sch.uk

In the absence of the Chair of Governors, the Vice Chair should be contacted. The Vice Chair in this school is:

NAME: CONTACT NUMBER: 01707 280590

Mrs Iuliana Stirbu governor.iulianastirbu@oakview.herts.sch.uk

In the event of allegations of abuse being made against the Head Teacher, where the Head Teacher is also the sole Proprietor of an independent school or where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Local Authority Designated Officer (LADO). Staff may consider discussing any concerns with the Designated Senior Person if appropriate make any referral via them. (See Keeping Children Safe in Education: Part Four, DfE 2018, for further information).

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer:

Children's Services – 03001234043
SOOHS (Out of Hours Service-Children's Services) – 03001234043

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation requires a child protection strategy meeting or joint evaluation meeting, this will take place in accordance with section 4.1 of the Hertfordshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures.

If it is decided it does not require a child protection strategy meeting or joint evaluation meeting, the LADO will provide the employer with advice and support on how the allegations should be managed.

The Head Teacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.

For further information see:

HSCB Inter-agency Child Protection and Safeguarding Children Procedures (Electronic)
Section 4.1 Managing Allegations Against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/ school code of conduct / staff behaviour policy and Safer Recruitment Consortium document ***Guidance for safer working practice for those working with children and young people in education settings (September 2015)*** available at **http://www.thegrid.org.uk/info/welfare/child_protection/allegations/safe.shtml**

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment **(**School Standards and Framework Act 1998**).** Please see the school's behaviour management policy for more information.
