16th April 2018

Dear Parents / Carer

Year 6 Pupils SRE (Sex and Relationship Education) programme

After half term, throughout the school in our PHSE lessons we will be delivering a SRE (Sex and Relationship Education) programme. In each year group there will be a specific focus and the children will explore different themes to support and develop their understanding of their bodies and relationships with others. An outline of the objectives which will be taught in each year group is shown overleaf.

If you would like more details about the lessons and content, then staff will be more than happy to share these with you.

For pupils in year 6 we will be watching the BBC living and growing DVD to discuss changes that occur during puberty. If you would like to view this prior to the lesson please complete the attached slip below. If you do not wish your child to take part in the Year 6 lessons then please ensure you tick the appropriate box below.

As this programme is a change to the curriculum, you must complete the reply slip below to indicate if your child can participate in the SRE programme. **Please return the reply slip by Thursday 19th April 2018.**

Yours sincerely

Mrs Y Davis
Headteacher
