

My name is Martin Smart and I joined the Governing Body of Oak View School in September 2016.

I live in Hatfield and am a Senior Lecturer in Geography at the University of Hertfordshire. The research I undertake is in the field of glaciology and I have undertaken extensive fieldwork in the Arctic and European Alps.

I am passionate about education, in particular in inspiring lifelong learning and opportunities for outdoor education, and I aim to bring my experience of working in higher education to my role as a Governor.

I am a Fellow of the Royal Geographical Society, a Fellow of the Higher Education Academy and a member of the International Glaciological Society.
