

PSED

We will talk about what it means to be good learners in our school; we are focusing on our learning heroes in school to remind children that it is important to try tasks and not to give up if they are challenging. Children will be encouraged to socialise with other children and speak and listen to others appropriately.

Physical

We will continue to develop our fine motor skills through using scissors, busy finger activities, painting and beginning to hold our pencil correctly. This term we will be learning about doctors and vets and talking about how living healthy lives if good for us. We will be continuing our Write Dance activities every Friday and on alternate Fridays we will be doing some children's Yoga.

CL

We will continue to develop our communication through speaking and listening activities that take place in class at circle times and show and tell. We will be learning new vocabulary related to our People who help us topic. We will be encouraged to ask appropriate questions of others, and learn how to talk to other children when we are conflicting. We will be encouraging children to use whole sentences when they speak.

Nursery

People who help us

Spring Term 2 2017

Maths

We will continue to develop our counting and number recognition to 10 and some children to 15. Some of us will be practicing writing numbers in different ways. In Shape, Space and Measures we will be looking at 2D shapes as well as weight and capacity, learning the correct vocabulary to describe these measurements. We will be encouraged to record our findings and talking using mathematical terms such as "long" and "short".

Literacy

We will continue to learn phase 2 letter sounds during phonics and practise blending simple words to write. During our topic we will be encouraged to write prescriptions for the vets, name tags, thank you messages for our visitors, registers for school, and letters to our friends. Children will be encouraged to label their pictures with initial sounds of words, and to write their name on their artwork. We will continue to read class stories every day and act out or recall story events.

UW

We will be looking at different occupations of various people. We will be looking at people who can help us and people we can trust. We will talk about how it is important to have a healthy diet so that we do not have to visit the doctor or dentist too often. We will continue to visit forest school and are encouraged to talk about things that we can see around us and in nature.

EAD

We will be using different media to create our own doctors X-ray pictures and beginning to use junk modelling to make our own fire trucks. We will be making pancakes and learning how to use tools correctly and safely. We will continue to develop our creative ideas from start to finish and to explore colour mixing with paints.
