18<sup>th</sup> September 2017

Dear Parents of Year 2

We have been fortunate to arrange to have a planetarium in school to support the children's learning about space exploration. The children will have the opportunity to have activities within the planetarium and take part in workshops linked to their experiences inside the dome. The domes are the most advanced in the country and provide 360 degree images so the children will be enthralled by their experience and gain by having experts in the field of Space exploration visit them to answer their questions.

The Planetarium will be in school on Friday 3<sup>rd</sup> November. On this occasion, it was felt that it would be more beneficial to hold this activity in school to maximise the time the children would be able to spend learning about space.

To cover the cost of this opportunity, we are requesting a voluntary contribution of £8.52 per child. Please note that should insufficient contributions be received, by Monday 9<sup>th</sup> October, we may have to cancel the visit for all the children. Payment can be made at the school office or via Schoolcomms.

If you are happy for your child to take part, please complete and return the slip below, together with the payment of £8.52 by Monday 9<sup>th</sup> October.

Yours sincerely

Mrs Wombwell

Mrs Riaz
