

Welcome Back

It has been great seeing you all again on the gate and the lovely smiles and hellos have been very much welcomed by Mrs Nash and I. Thank you. We have had lots of positive feedback of how return to school has gone, so thank you for your support and understanding over the last 12 months. It has made such a difference.

The pupils have made an excellent return back to school and have been able to mix again. For us to operate a school under normal conditions again has been fantastic. I have ensured children are still in phase groups and we are holding assemblies next week for the first time in nearly 18 months.

The new Nursery and Reception children seem to have settled well for their first week at Oak View and we look forward to their time here with us.

We have lots of exciting things planned this year and there is a real focus on providing every child with the best experience possible in their learning needs and journey.

I look forward to continuing this positive start and seeing the children return to enjoying school and taking part in our first whole school event, Harvest Festival on Monday 4th October.
