

## Literacy

### Narrative:

Stone Age boy- close links to our theme for this term.

Pebble in my pocket- Links to theme and to previous science unit.

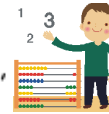

Fables - focusing on stories with morality.

Shakespeare - We will be exploring a child friendly version of Romeo and Juliet.

Reading & Writing

## Mathematics

Shape: properties of 2D and 3D shapes, classifying and sorting.

Number: place value, multiplication and division, exploring numbers and the number system, times tables. We will also be focusing on number problems and applying skills to solve these.

## Science

### Focus : Magnets and Forces

Children will be using observational and classification skills to look at magnets. We will then be exploring forces and using practical experiments to deepen our understanding.

## RE

### Christianity-

Jesus' miracles

Could Jesus heal people? Were these miracles or is there some other explanation?

## Renoir and Tissot

### Year 3

### Spring Term

## Spanish

**Topic:** This term we will be focusing on introducing grammar and understanding the placement of verbs.

### Theme

Our big question:

When would you prefer to live stone age, bronze age or iron age?

During this topic we will be looking at different aspects of the stone age to gain a better understanding. We will also be addressing misconceptions and comparing to the bronze and iron age.

## Music

Listen & appraise different types of music.

Finding the pulse and clapping the rhythm.

Singing and playing untuned and tuned instruments.

## PSHE

The focus is the Jigsaw units 'Dreams and Goals' and 'Healthy Me'

## Computing

**Focus:** We will be creating media looking at fonts, images, publishing and different software.

## PE
