

Literacy

Narrative:

Stone Age boy- close links to our theme for this term.

For the birds- links to PSHE on friendship and kindness.

Poetry- study on kennings poems linked to our stone age theme.

Reading & Writing

Mathematics

Shape: properties of 2D and 3D shapes, classifying and sorting.

Number: place value, multiplication and division, exploring numbers and the number system, times tables. We will also be focusing on number problems and applying skills to solve these.

Science

Focus : Plants

Children will be using observational and classification skills to look at plants. We will then be exploring what plants need to grow and looking at their water cycle.

RE

Christianity-

Jesus' miracles

Could Jesus heal people? Were these miracles or is there some other explanation?

Renoir and Tissot

Year 3

Spring Term

Spanish

Topic: This term we will be focusing on learning numbers and ages.

Theme

Our big question:

When would you prefer to live stone age, bronze age or iron age?

Music

Listen & appraise different types of music.

Finding the pulse and clapping the rhythm.

Singing and playing untuned and tuned instruments.

PSHE

The focus is the Jigsaw units 'Dreams and Goals' and 'Healthy Me'

During this topic we will be looking at different aspects of the stone age to gain a better understanding. We will also be addressing misconceptions and comparing to the bronze and iron age.

Computing

Focus: We will be looking at programming using the scratch software.

PE

Spring 1- Ball skills and orienteering

Spring 2- cricket and dance

Art & DT

Focus artist: mixed media study linked to our class topic 'The Stone Age'

DT : Food and Nutrition - Eating Seasonally.
